EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Fish on 8/2/04.

2. The application has been amended as follows:

Claims 15-24: cancelled.

3. The following is an examiner's statement of **reasons for allowance**:

With respect to claim 12, Applicant is directed to the reasons for allowance set forth in paragraph 32 of the non-final office action dated 6/18/03 and paragraph 20 of the final office action dated 10/28/03. In addition, the examiner would like to discuss US 6701749 to Wang et al.

Wang teaches making an insulated glass (IG) unit by bonding two glass sheets 2, 3. The reference teaches applying a first glass frit 301 to both glass sheets (Figure 13a), curing the first glass frit, applying a second glass frit 303 on at least one of the glass sheets and over the cured glass frit 301 (Figure 13b), wherein glass frit 303 is different from glass frit 301 (column 12, lines 20-38; column 13, lines 10-21), assembling the glass sheets together such that glass frit 303 is sandwiched between glass frit 301 (Figure 13c), and curing glass frit 303.

The reference fails to teach or suggest providing a frame that has an opening therethrough and the sealing section (first and second glass frits) being between and in contact with the

window (one of glass sheets 2, 3) and a frame, wherein the sealing section extends completely around the opening. Although the reference teaches first glass frit 301 and second glass frit 303 being in contact with each other, the reference fails to teach or suggest the first glass frit 301 being in contact with the window (glass sheet) and spaced from a frame and the second glass frit 303 being in contact with a frame and spaced from the window (glass sheet).

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Jessica L. Rossi** whose telephone number is **571-272-1223**. The examiner can normally be reached on M-F (8:00-5:30) First Friday Off.
